*Instructions:* This pdf document should be printed out, filled in, and signed by you to affirm that you understand and have followed the procedures described below in working on both the in-class and the take-home portions of the Final Exam. The signed document must be included as cover page for the written portion of the exam which is to be submitted via Canvas by 3:35pm on Wednesday, May 12. Exam grades will not be validated and recorded without this signed affidavit.

You are encouraged to print this document out in advance so that it is ready to be included with your Canvas submission.

*Exam Procedures:* In working on either the in-class (WebWork) or the take-home (written) portions of the Final Exam you are permitted to refer to Stewart's textbook and/or to class lecture notes, and you are allowed to use a numerical calculator, if desired. However you are not allowed to use any graphing capabilities on a calculator, or any mathematical software on any other device. You must not consult with or discuss any of the problems on either portion of this exam with classmates or other individuals until after the due date for the test has passed. No internet use (with the exception of accessing class notes) or use of any reference other than indicated above is permitted. In particular use of GroupMe or chegg during the exam period may result in a score of zero on the test.

Please sign your name here to indicate that you have conformed to these procedures:
